San Francisco, California 94105

**TEMPORARY INDUSTRIAL WASTE DISCHARGE PERMIT: [1] 231
NORTH WHISMAN ROAD, and [2] 42 SHERLAND AVENUE**

Dear Mr. Lewis:

Enclosed is the revised industrial waste discharge permit you requested. The extension you applied for has been approved. Please review the permit and advise me if there are any errors.

I believe the permit is self explanatory. If you have any questions or if I can be of any assistance, please call me at (415) 966-6329.

Sincerely,

Russ Frazer
Industrial Waste Discharge Specialist

cc: Utilities Director

INDUSTRIAL WASTE DISCHARGE PERMIT

"It shall be unlawful for any person or organization to discharge or cause to be discharged any industrial wastes whatsoever directly or indirectly into the sewer system without first obtaining a permit for industrial wastes discharge. The Director of Utilities may establish an appropriate fee for such permits. Furthermore, it shall be unlawful for any person to discharge any industrial wastes in excess of the quantity or quality limitations set by this chapter or by a permit for industrial wastes discharges."

[City of Mountain View Municipal Code, section 35.32.1a]

The City of Mountain View (City) hereby issues this permit for the temporary discharge of ground water contaminated with organic solvents and/or other exceptional industrial wastes into the City sanitary sewer collection system subject to the regulations and conditions identified below and in all attachments.

Mountain View, CA 94039

Dear Mr. Frazer:

Due to unavoidable technical difficulties in the well abandonment process, an extension on the recently issued Industrial Waste Discharge Permit #89002 is required. I request that you extend the expiration date until May 31, 1989.

At this time please accept apologies for failing to notify you of the use of the fire hose in the abandonment process. The modified approach which was necessitated by the deteriorated condition of the casing and zones of flowing sand, required the use of additional water. At this time we plan to use the same process at the Silva Well site. Traffic control will be provided at all times as necessary.

Sincerely,

A handwritten signature in cursive script, appearing to read "William E. Lewis".

William E. Lewis
